

Being a Member

Understanding your bill is easy.

- Member Info** - Where you'll find your account number and bill date.
- Amount Due** - The total amount due and current billing due date.
- Historical Usage** - This graph shows electric consumption over the past 12 months.
- Co-op News** - Important updates and messages from your co-op.
- Quick Glance** - High level comparison chart for your energy and demand usage.
- Peak Demand** - The amount, date & time of your highest energy use (kW) during the billing cycle.
- Remittance Stub** - This tear-off portion should be returned with your payment.
- Meter Readings** - This row represents your meter number, number of days in the billing cycle, kWh readings, and rate schedule.
- Billing History** - This box will note any past due amount, which is always due immediately.
- Current Charges** - Here you'll see an itemized list of charges including the facilities charge, energy charge, and taxes.
- Message Center** - This area is updated to notify you of big announcements, available programs, upcoming events, useful tips, and more!
- Update Contact Information** - Always ensure your contact information is correct. Please tell us when things have changed.
- Donate to Energy Outreach Colorado** - Help other members who are in need of assistance straight from your electric bill.
- Ways to Pay** - Learn about some of our other convenient ways to pay your monthly electric bill.

What is the facilities charge on my bill?

The facilities charge is a flat, monthly fee charged per meter, and it is not dependent on how much energy you use. The charge exists to cover the cost of bringing power to your meter, including such things as electrical wire, transformers, poles, maintenance and administrative costs, regardless of the amount of electricity you use.

9 Activity Since Last Billing
 Previous Balance \$119.04
 Payment - Thank You -\$119.04
 Balance Forward \$0.00

10 Detail of Charges
 Energy Charge 942 kWh @ \$0.09108 \$86.80
 Peak Demand Charge 8.716 kW @ \$0.15 \$1.31
 Facilities Charge \$24.50
 Total Current Charges \$111.61
 Balance Forward \$0.00
 Total Amount Due \$111.61

11 Changes in Cost of Power Since 2017
 CUMULATIVE COST FOR RESIDENTIAL & SMALL COMMERCIAL MEMBERS

Percent of Rate Change: 0% (2017-2019), -1.4% (2021), -2.8% (2022), -1.7% (2023)

* 2022 data reflects the proposed rate changes for a residential who consumes an average of 1,000 kWh with a peak demand of 9.5 kW per month.

The average residential and small commercial member will see a 1.1% increase compared to 2022, but will still pay 1.7% less than they did for electricity in 2017.
