NAME (Print) _____ SIGNATURE** _____

DATE _____

*Note: This is not a contract to provide service. Feasibility of the inquiry will be evaluated by PVREA based on existing system loading and configuration at the time of inquiry. If the feasibility of the inquiry cannot be met with the existing system loading and configuration, the inquirer will be notified that a load study needs to be performed. Any load study pertaining to the inquiry on PVREA's distribution facilities only, shall require an upfront payment of \$3,500. If the needed study pertains to Tri-State Generation and Transmission or Western Area Power Administration transmission facilities as well, it shall require an additional upfront payment of \$50,000.

**By signing this form, you agree that all information provided is accurate to the best of your knowledge. Additional details may be requested as necessary to complete an evaluation. Failure to provide the attachments above may delay any preliminary evaluation for your project.
